

## Summer Research Waits for No One

Dear Dianne,

The demands and expectations of your research do not slow down in the heat of summer. AMRESCO can help you get uncompromising results and performance in *less bench time* with our **new 2010 kits and reagents**. Now is a great time to stock up on time-saving products and biochemicals that you use all year long - and receive a **4gb iPOD® Shuffle or 10% discount!**

Compare our prices. With AMRESCO you will **save both time and money** this summer.

*Choose basic top-selling products and discover over 2000 quality, competitively-priced products by application*

### Summer Basics "Wish List"

- |                             |                            |
|-----------------------------|----------------------------|
| Acryl/Bis 37.5:1 Solution   | Agarose I                  |
| Albumin, Bovine, Fraction V | Ammonium Persulphate (APS) |
| Glycine                     | Guanidine Hydrochloride    |
| LB Broth (Miller)           | MOPS                       |
| Proteinase K                | Tris HCL                   |
| Urea                        | Yeast Extract              |

**Compare and Save  
with AMRESCO products for your year-round  
research**

#### Antibiotics & Media

*amino acids, antibiotics, freezing media, pre-mixed media, preservatives*

#### Buffers & Detergents:

*Biological buffers, detergents, peroxide-free detergents*

#### Electrophoresis:

*Agaroses, acrylamide solutions, buffers, molecular weight markers, dyes & stains*

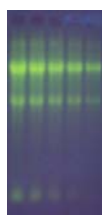

#### Nucleic Acid Analysis:

*Blotting reagents, buffers, enzymes, PCR kits & reagents, phenols, purification kits & reagents, transformation & selection products*

#### Proteomics:

*Blocking buffers, chelating agents, dyes & stains, protease inhibitors, reducing agents, western blotting and ELISA kits & reagents*

### Go Green This Summer

#### Formaldehyde-Free RNA Gel Kit

- \* Run RNA Gels directly on your bench.
- \* Eliminate both formaldehyde AND ethidium bromide
- \* Complete kit for electrophoresis and visualization

#### EZ-Vision™ DNA Dye as Loading Buffer

- \* Non-mutagenic and non-toxic alternative to ethidium bromide
- \* Add EZ-Vision™ directly to your sample
- \* Includes tracking dye(s) and a sensitive fluorescent DNA dye

#### iPOD® Promotion until July 30th

Simply purchase \$800 worth of AMRESCO products, and receive a 4gb iPOD® Shuffle. Guaranteed.  
**(OR choose 10% discount)**

### PRODUCTS

- \* **Column Regeneration Kit**  
Re-use silica spin columns
- \* **Rapid Western Blotting Kit**  
Western blotting in about an hour
- \* **Phenol-Free Total RNA Purification Kit**  
Isolate true total RNA without phenol and chloroform
- \* **Ready PCR Master Mix**  
PCR-to-Gel-to-Visualization complete master mix
